

# Nursery Newsletter

November 30 - December 4, 2020

We hope everyone had a nice Thanksgiving, and appreciate everyone staying vigilant and following protocol if traveling out of state. We are enjoying transitioning into winter and starting winter themed activities!

## French

- We read *Le Petit, Tout Petit Hibou* by Pierre Oertel
- New song: "Demain C'est Noël"
- Continued to review everything we've learned

## ELA

- Letter G is the letter of the week!
- We have practiced tracing and writing upper and lowercase G as well as French/English
- Children completed a "G is for Gumball"

## Math

- Children are continuing to use math skills including: number recognition and counting, shapes, and addition within 5
- Children were introduced to base ten and one to one correspondence with a presentation led by Jeanne using a decagon that will continue to be used as a manipulative

## Practical Life

- As a class, we reviewed and discussed classroom manners, sharing and being kind, and being responsible for ourselves and our classroom
- We continue perfecting fine motor skills through cutting, glueing, tracing, and writing

Please send a change of winter appropriate clothing for your child to keep at school in the event they have an accident! Thank you 😊
