

Nursery Newsletter

November 9 - 25, 2020

We have spent a lot of time learning about Thanksgiving: its origin, what we're thankful for, what kind of food our peers eat for Thanksgiving dinner, and making hand turkeys!

French

- We are enjoying singing our two newest songs: Les Petites Marionnettes, and Le Cerf et le Lapin
- We have introduced vocab on our feelings and how to express them

ELA

- We began working with letter H
- We made mosaic hearts with the letter H
- Some students have been working on CVC words

Math

- Reintroduced shapes and focused on the difference between squares and rectangles
- Used Dot Dot markers to mark specific numbers on the pages
- Continued practicing addition within 5

Practical Life

- Continued practicing responsibility by sweeping our messes and hanging our jackets
- We also worked on our fine motor skills through sand tracing and cutting and glueing

We appreciate the effort put into sending your children with hats, mittens, etc. Again, we try to foster healthy eating habits and would prefer not to have candy in lunches. We hope everyone enjoys family time and has a safe Thanksgiving!
