

Nursery Newsletter

November 2 - 6, 2020

We've had another fun week! Next week our groups will be changing: Shella & Marina in Group A, Mimi and Jeanne in group B, Paige and Jojo in Group C

French

- Two new songs: "Dis-moi les continents" (Tell me the continents) and "Ainsi font font font les petites marionnettes" (Go go go, little puppets)

ELA

- Introduced the letter A, and discussed that it is a vowel
- Practiced tracing and writing upper and lower case A and finding A words

Math

- Talked about patterns and created our own fall patterns by coloring, cutting, and glueing pictures to complete a pattern
- Continued to work with numbers 1-10

Practical Life

- Continued practice with cutting skills which focus on fine motor skills
- Children worked with sand on plates to trace numbers and letters
- Students helped rake and collect leaves to create fall leaf suncatchers

We went from raking leaves and jumping in them to our first unexpected snowfall! With that being said, please send your child in layers along with hats, gloves and boots as we are still outside every day. We also just got a wonderful addition of an outdoor deck, so we will be spending time outdoors as much as possible.
