

Nursery Newsletter

October 26 - 30, 2020

To celebrate Halloween this week we made Frankenstein out of the letter F, made ghosts, fall crowns, paper bag monsters, and decorated pumpkins!

French

- We are learning the 12 months of the year and going over the seasons
- We have been enjoying singing our witch song, "Vieille Sorcière", which is a class favorite!

ELA

- Continued practice tracing and writing upper and lower case F, as well as thinking of words starting with F

Math

- Continued practice tracing, counting, and organizing numbers 1-10 with the use of pictures and manipulatives
- Some students continued practicing addition with the help of pictures and manipulatives
- The students learned about estimation when guessing how many candy corn were in a jar

Practical Life

- Students have continued discussion of the seasons and fall; we have discussed how animals prepare for the winter in fall and introduced the words "hibernation" and "migration"

We have been spending as much time as possible outside every day, rain or shine - and snow! Please remember to pack weather appropriate clothing as we get closer to winter - boots, hats, gloves, a second layer, etc.
